International reach through local focus

EVENT REVIEW

The 9th International Conference on Plant Diseases (“CIMA”) was attended by APC colleagues **Matthieu Bècle**, **Marie-Noëlle Douaiher** and **François Walker**, from the French office on 8th and 9th December 2009 in Tours, France.

The event is organized every three years by the French Association for Plant Protection and is attended by many players of the crop protection sector. The event focused on fine and specialty chemicals. **APC** experts informed to industry professionals about the company’s **portfolio of services: regulatory and technical support for plant protection products, biocides and general chemicals (REACH)**.

APC would like to especially thank everyone who visited the stand and extends an invitation to visit our website: www.apc.eu.com

APC enjoyed connecting again with old friends, meeting new faces and discussing your project needs.

We wish everyone a very Merry Christmas and look forward to seeing you soon!
